

Revised Family Visit Guidance

as of April 1, 2021

OUTSIDE FAMILY VISITS

- Are allowed as of 3/15/21
- IDEALLY EVERYONE IS FULLY VACCINATED* (but will not exclude non-vaccinated people)
- Please limit 1 HOUR
- Please let us know you are coming ahead of time (3 days ahead is great)
- HUGGING OK For vaccinated people (2 WEEKS POST VACCINE)
- NON-VACC PEOPLE INVOLVED PLEASE SOCIALLY DISTANCE
- NO FOOD/DRINK PLEASE
- BATHROOMS will not be open for visitor use until 4/15/21
- REFRAIN if you are at risk, or if you or anyone in your household has tested positive, had symptoms, or have been exposed in the last 2 weeks

Site specific quarantines will resume in the event of an exposure/illness

VISITS TO FAMILY HOME

- Are allowed as of 4/1/21
- IDEALLY FULLY VACCINATED* (but will not exclude non-vaccinated people)
- REFRAIN if you are at risk, or if you or anyone in your household has tested positive, had symptoms or been exposed in the last 2 weeks
- Teams can use the updated risk screening tool for details
- ***We will conduct the usual health screens upon return-testing may be required for extended visits (≥ 2 wks) or if any household member or persons served have symptoms or potential exposure***

We recommend these precautions for family home visits:

If the PERSON SERVED is FULLY VACCINATED and the visit is:	We recommend:
A single household, fully vaccinated visit	RELAX & ENJOY
A single household, not vaccinated or multiple household vaccinated or not vaccinated visit	Masks & social distancing
Medium – large crowd	WAITING
If the person served is NOT fully vaccinated:	We recommend WAITING (or if visit must occur, using masks & social distancing)

FAMILY VISITS INSIDE ABILITY BEYOND HOMES

- Are allowed as of April 15, 2021
- In a few instances, we may MOVE THE DATE if someone in the home waited to be vaccinated due to special circumstances
- IDEALLY everyone is vaccinated (but we will not exclude non-vacc people)
- REFRAIN if you are at risk, or if you or anyone in your household has tested positive, had symptoms or been exposed in the last 2 weeks
- Please also follow current travel recommendations, even if not mandated (possibly including testing/quarantine) prior to coming to the home
- Please let us know you are coming ahead of time and schedule with your RPM (3 days ahead is great)
- Please sign in and follow all visitor screening questions
- Please limit the visitors to a small group (2-3) of immediate family only
- Please wear a mask and socially distance in common areas
- Please visit in your loved ones room (if they share a room please work with your RPM to find a safe and private spot)
- Please limit the visit to 1 hour

*FULLY VACCINATED = 2 weeks POST second vaccine (or 2 weeks post Johnson & Johnson vaccine)
